

# White Swiss Shepherd Dog Club of Australia Inc

2015 National Show

# RESULTS

# The Show Committee

---

Firstly we would like to thank everyone who participated and made the day a success. Our show was held at Castle Hill Showgrounds, NSW on Sunday 18th October and many people travelled from far and wide to attend.

The show has been run and won and we all went home with the best dog!

A WSSDCA Show is all about having a good day out with your dog and like minded people and I think we achieved this! We had 22 dogs entered with their handlers including some new owners and their dogs. Whilst it was a small group of people it was a great day to network and enjoy each others company.

Our judges for the day were Iain MacDonald (conformation) and George Bartolo (obedience). Iain provided some very positive feedback regarding the development of our breed and was very impressed in the improvement since the last time he judged. He was keen to explain that the shepherd must be bred for its purpose and not just for show. He was pleased with the conformation and movement of our dogs. I think we all enjoyed his feedback and knowledge imparted on the day.

We would like to thank our sponsors for the generous donations and the prizes. It is incredibly difficult to come by sponsorship so please support these businesses & products.

A very big thank you to the Show Committee – Jan Kelly, Karen Vayne, Katrina MacKenzie, Kim Page Fitzpatrick, Leonie Mitchell & Neil Keen - for all their hard work that goes on behind the scene to ensure this event was a success.

Thank you again everyone for such a fantastic day.

Kate Green

# SUPREME EXHIBIT

The Supreme Exhibit Award was introduced in 2009 to give neutered and foundation dogs an opportunity to compete against the entire dogs.

The reason behind this was that the majority of WSS in Australia are kept as companion dogs, many excellent dogs have been neutered because they are not being utilized for breeding and were not allowed to participate in any ANKC sports if they were not neutered.
